WORK EXPERIENCE

Managing Databases // ExploreAI Intern

May 02, 2022 – May 31, 2022

- Properly Normalized business database.
- Used **SQL** to query the data and brought forth insights.
- Used **PowerBI** to visualize insights on an interactive dashboard.

Advanced Regression // ExploreAI Intern

June 06, 2022 – July 01, 2022

- Led a **team of 5** on building a regression model that would predict electricity cut offs for the country of Spain using **Python** and **Logistic Regression**.
- Successfully built an amazing machine learning model.

Sentiment Classifier // ExploreAI Intern

May 08, 2023 – June 15, 2023

- Used **NLP** to create a sentiment analyzer which can be used by companies to tell how their customers feel about them based on what they text.
- Created an amazing interactive **Streamlit** app.
- Used different **machine learning** models in Python.
